NOTICE OF MARKET-DOMINANT
PRICE ADJUSTMENT

Docket No. R2013-10

ERRATA TO ATTACHMENT TO NOTICE OF REVISIONS TO
UNITED STATES POSTAL SERVICE
NOTICE OF MARKET-DOMINANT PRICE ADJUSTMENT --ERRATA
(October 21, 2013)

On September 26, 2013, the Postal Service filed its notice of market dominant price adjustments in this docket. Several minor revisions in that Notice, emanating from several sources, were filed with an errata notice on October 18, 2013. The following revision appeared on page 3 of the October 18th errata notice as one among several that needed to be made in Table 3:

Page 5, Table 3
Periodicals row, change "1.569" to "1.664"

Unfortunately, while the version of revised page 5 attached to the October 18th errata notice included two other revisions to Table 3, it did not include the revision to the Periodicals row presented above. A new copy of revised page 5 which reflects all of the revisions to Table 3 presented in the October 18th errata notice, including the above change in the Periodicals row, is attached to this pleading. To avoid any potential confusion with the incompletely revised version of page 5 that was attached to the October 18th errata notice, the correctly revised version of page 5 attached to this

pleading is dated today, October 21, 2013. As with the previous version, the cells that have been revised are highlighted in gray.

Respectfully submitted,

UNITED STATES POSTAL SERVICE

USPS-LR-R2013-10/4	Package Services Workpapers
USPS-LR-R2013-10/5	Special Services Workpapers
USPS-LR-R2013-10/NP1	First-Class Mail International Workpapers

Each set of workpapers has a Preface that explains the contents in detail. The Preface in each of the first five workpapers provides an overview, a discussion of any necessary adjustments to the billing determinants for the four quarters ending Q3 FY 2013, and an explanation of the revenue calculations.

E. Percentage Change by Mail Class

As demonstrated in USPS-LR-R2013-1/1 through 5, the prices for each class comply with the annual limitation of price adjustment authority available to the Postal Service. The percentage change by class is as follows:

Table 3
2013 Price Change Percentage by Mail Class

Class	Percent Change
First-Class Mail	1.618
Standard Mail	1.609
Periodicals	1.664
Package Services	1.453
Special Services	2.500

F. Unused Pricing Authority Resulting From this Change

For Periodicals and Package Services, this change adds to the unused pricing authority resulting from prior market-dominant price changes under the price cap. The
